- 2 million work hours completed without a single recordable safety incident

Delivering Value to Our Customers

- Enhances Supply Reliability and Flexibility
- Improves Speed to Market
- Supports innovation in product development for multiple markets

A MESSAGE FROM OUR PASADENA SITE DIRECTOR

"The thing that excites me most about the Pasadena site is all the opportunity and capabilities that we have here. We have been able to incorporate so many different best practices from other Stepan locations in the construction of this site," **Martina Hudoba.**
